

P8R- Taurus Spike Spotlight - 12v - Bronze Finished Brass Body

Description

Taurus 12v LED spike spotlight has a cast brass body with a bronze finish and a deep glare shield to hide the light source from view. Features an adjustable knuckle joint that can be screw-locked in position, and comes complete with a polycarbonate finned spike to resist rotation in soil.

Lens bezel twists off to allow lamp replacement without the need for tools. Typical applications include uplighting small trees and shrub border lighting. MR16 clip-on honeycomb glare louvres. Fitted with a 1.5m cable for connection to Elipta Plug&Play transformers, connectors, extension cables and junction boxes.
