

E1042T - Nimbus 45 Bollard Light - Teak

The E1042T is a 240-volt E27 fitting Bollard light in natural teak finish. Further application of oil, stain or varnish may be applied by the customer. These lights are available in 450 and 700 mm height, making them ideal for use driveway, path or decking illumination.

PHYSICAL DATA

The E1042T is an IP44 rated bollard light measuring 450mm x 100mm and may be bolted to paving and slabs or an optional ground-mount which can be installed in concrete prior to electrical installation. A further optional galvanised ground spike is available for installation in planting and lawn areas. The polycarbonate diffuser softens the light, with all metal parts made from 316 grade stainless steel. For added security, Nimbus models feature concealed allen screw fixings for the top cap assembly. The E1042T comes fitted with a 2 metre heavy duty rubber three core 1.5mm HO7 RNF cable. The choice of 7W LED candle lamps or up to 20w E27 compact fluorescent lamps is down to customer preference.
