

GLWW8WSBRI Brilliance - Warm White 8w Spotlight with Clear Lens

Brilliance is an adjustable led spotlight with a nickel-plated brass body and three warm white LEDs providing light output almost equivalent to a 35w halogen lamp. It has a clear lens and provides a focused 30° beam for uplighting small trees and focal points or for use as an underwater spotlight in fountains and waterfalls

PHYSICAL DATA

Body is constructed from nickel-plated brass with polycarbonate knuckle. Measuring 58mm in diameter x 70mm depth. Supplied without mount. A range of optional bases, wall mount and ground spikes are available to suit desired locations. Light is IP68 rated.

ELECTRICAL DATA

12v ac – Requires power from a compatible plug & play transformer. The light features three built in CREE 3000K warm white LEDs producing 330 lumens output with a wide 30° beam angle. Supplied fitted with 5m twin core input cable terminated with a male 2-pin IP44 plug & play connector.

INSTALLATION

Adjustable polycarbonate knuckle joint fits a range of mounting options including a spike, weighted base, extension pole and a tube bracket to allow mounting on fountain head pipes. A waterproof IP68 connection may be achieved by using either the GLWJB IP68 junction box or GLWCC waterproof cable connector

COMPLIANCE & WARRANTY

- 2 Year Warranty
- CE / RoHS Compliant
